

Around the World in 90 Minutes with Marty Essen

Around the World in 90 Minutes

is a high-energy show featuring interesting facts, humorous stories, and the best of the thousands of

photos Marty Essen took while traveling for his multi-award-winning book, *Cool Creatures, Hot Planet: Exploring the Seven Continents*.

One part lecture, one part theater, one part slide show, one part comedy—it's the type of show where the audience has fun laughing at the stories, oohing and aahing at the photos, and then, when it's all done, they realize just how much they've learned.

Marty divides his show into eight segments, covering his adventures and wildlife encounters on each of the seven continents, plus Central America. He talks about endangered species, new scientific discoveries, and the need to protect our environment. After the show, he opens up the floor for questions and engages the audience in a lively discussion.

Marty Essen has a track record as a successful and entertaining college speaker. He has been APCA's #1 Booked College Speaker for 50* total months!

Marty entertained a standing room only crowd, wowning them with his pictures and humor. Students enjoyed the show and continued to talk about it for days following his presentation.
